**MedPro Rx, Inc. Sponsors Hemophilia Of North Carolina
Charity Golf Tournament***Tournament To Support North Carolina Families Affected By Bleeding Disorders*

RALEIGH, N.C. – Nancy McFarlane, president of MedPro Rx, Inc. (www.medprorx.com), a provider of specialty pharmacy services to clients with chronic illnesses, has announced that the pharmacy is a birdie sponsor for the Hemophilia of North Carolina (HNC) charity golf tournament, which will be held Friday, April 24 at The Preserve at Jordan Lake Golf Club, located at 840 The Preserve Trail in Chapel Hill, N.C. Registration begins at 10:30 a.m. followed by a shotgun start at noon. All proceeds from the event will benefit HNC families affected by bleeding disorders. HNC is a nonprofit organization whose goal is to assist, involve and educate people affected by bleeding disorders and to educate the medical community and the public about bleeding disorders.

As a specialty infusion pharmacy, MedPro Rx is an Accreditation Commission for Health Care, Inc. provider (ACHC) whose services emphasize treatments for individuals with hemophilia, von Willebrand Disease (vWD), autoimmune neuromuscular disorders and other complex chronic conditions. Approximately one in every 5,000 males nationwide is born with hemophilia, affecting all racial and socioeconomic groups equally. People with hemophilia experience bleeding following an injury and may have frequent spontaneous bleeding episodes, often into the joints and muscles. More traumatic injuries may result in serious problems and potential disability. The three most common types of hemophilia are Hemophilia A or Factor VIII Deficiency, Hemophilia B or Factor IX Deficiency, and vWD. vWD is caused by a deficiency or defect of a clotting protein, and it affects approximately 1-2 percent of the United States population. Unlike hemophilia, vWD occurs equally among males and females and is more likely to cause nosebleeds and bleeding under the skin than into the joints.

About MedPro Rx, Inc.:

MedPro Rx, Inc. is a specialty infusion pharmacy which has been providing infused and injectable medications and services to clients with chronic illnesses since 2002. With more than 100 years of combined pharmacy, nursing and management experience, MedPro Rx is dedicated to improving the overall outcomes of the client therapy experience. MedPro Rx's goal is to set the standard for infusion care and achieve positive clinical outcomes for clients by participating in the healthcare process through integrated, community-based systems. As a specialty infusion pharmacy, MedPro Rx is an Accreditation Commission for Health Care, Inc. provider (ACHC) whose services emphasize treatments for individuals with hemophilia, vWD, autoimmune neuromuscular disorders and other complex chronic conditions. Services include client and family advocacy, complimentary pick-up of sharps containers at the client's location of choice, express shipping and personal medication delivery services, complete insurance and benefit counseling, and the assurance that MedPro Rx stocks all factor and IVIg brands, all doses from all manufacturers, all the time. MedPro Rx offers specialty intravenous therapies such as IVIg, which treats a variety of immunodeficient diagnoses, and clotting factor for a client to use in their home, at infusion clinics and in the physicians' offices. For more information or to receive a free consultation and health insurance evaluation, please call (888) 571-3100 or visit www.medprorx.com.
